

# NANCE WELL MAKING 200 BARRELS

## CITY WILL HONOR SERVICE OF ADA'S MEN NEXT FRIDAY

Majority of Offices and  
Stores To Close For  
Armistice Program.

## LEGION IS THE LEADER

Speaking at Normal Will Be  
Main Event To Be  
Carried Out.

County offices, except the sheriff's  
office, city offices, the majority of  
business houses, and most of the  
other week-day activities of the  
city will be closed Friday all day  
in observance of Armistice.

East Central normal probably will  
give a half holiday, in the after-  
noon, and Ada high school will  
celebrate the day with a special  
program in the morning, according  
to announcement by school author-  
ities today. The Normal also will  
give a special Armistice Day pro-  
gram, probably in connection with  
that to be given in the Normal au-  
ditorium under the auspices of Nor-  
man Howard post of the American  
Legion.

All stores that are members of  
the Retail Merchants Association  
will be closed all day Friday.

The legion's plans call for a sol-  
emn observance of the day as far  
as the Armistice program itself is  
concerned. A special meeting for  
all citizens of Ada has been called  
by the Legion for the Normal au-  
ditorium Friday morning at 10  
o'clock at which Lowery Harrel,  
former commander of the post, Tom  
D. McKeown, former congressman,  
and Dr. A. Linscheid, president of  
East Central Normal, will speak. The  
part Ada men played in the world  
war will be commemorated and re-  
spect paid to Pontotoc county men  
who paid "the last full measure of  
devotion" during the war.

Friday night a dance will be given  
at the Elks hall. This is for the  
benefit of the American Legion.

## Merchants Take Stand

Concerning the observance of  
Armistice in the proper way, the  
Ada Retail Merchants association is-  
sued the following statement this  
morning:

"Friday, Nov. 11th, at the stroke  
of eleven, in many cities of the  
United States and throughout the  
British Empire, all activities will  
cease for at least two minutes,  
heads will be uncovered and bowed,  
and for those few minutes the living  
will pay a tribute to the dead who  
lie sleeping in the fields of Flanders,  
and the ideals for which they fought.

"Are the wounds of war so quick-  
ly healed, its passions so soon cooled,  
and its dead so easily forgotten,  
that Ada may now bow an un-  
covered head for her sons who  
fought and died in France?

"Shall we not make this rite, by  
statute and custom, one that shall  
be observed in every city and vil-  
lage throughout the length and  
breadth of this land each year on  
the eleventh hour of the eleventh  
day of the eleventh month?

"Homilies are preached and for-  
gotten, monuments are erected and  
presses by its simple, yet solemn  
presses by its simple yet solemn  
force and brings to every mind for  
a few moments the significance of  
the day. It means the building up  
of our national morale, a recrystall-  
ization of our moral principles and  
ideals.

"Those few moments at eleven  
o'clock are nothing in our span  
of years. On Decoration Day we  
lay wreaths of flowers upon the  
graves of our soldier dead. Let us  
on Armistice Day send them a men-  
tal, a spiritual offering. At this  
hour each year, let a single send  
out the solemn sweet notes of Taps  
while we stand with uncovered  
heads, to be here dedicated to the  
great task remaining before us—  
that we here highly resolve that  
these dead shall not have died in  
vain."

## ADA RETAIL MERCHANTS ASSN.

## BREEDER OF FINE HOGS LOCATES AT FITZHUGH

A deal has just been closed  
whereby J. G. Henry of Dodsonville,  
Texas, becomes the owner of the  
N. L. Wesson farm a mile or two  
northwest of Fitzhugh. He is a  
successful breeder of Poland China  
hogs and expects to engage exten-  
sively in this line at his new  
location.

Mr. Wesson will move to Dod-  
sonville where he will engage in  
the mercantile business, having trav-  
eled for a business formerly op-  
erated by Mr. Henry.

## HE GOT MAYOR CHAIR WITHOUT ONE SPEECH

CLEVELAND, Ohio, Nov. 9.—  
Conducting a campaign  
without the backing of an or-  
ganization and without mak-  
ing a speech, Fred Kohler,  
former chief of police of this  
city, reached the heights of his  
ambition when he was selected  
mayor of Cleveland over Wm.  
S. Fitzgerald, republican in-  
cumbent, and five other can-  
didates yesterday. Complete  
official returns early today  
gave Kohler a plurality of  
41,900 votes.

When Kohler was dismissed  
as chief of police on charges  
of conduct unbecoming an of-  
ficer, filed by former Mayor  
Newton D. Baker, he set him-  
self for one goal.

"Cleveland will some day  
elect me its mayor," he told  
friends.

## G.O.P. LOSES ONE STATE IN RACE

Maryland Goes Democratic  
and Kentucky Is Near  
Verge of Change.

(By the Associated Press)  
NEW YORK, Nov. 9.—One  
state, Maryland, has passed from  
republican control as a result of  
yesterday's elections, as shown in  
returns available here this morn-  
ing.

In Maryland, the entire lower  
house of the legislature and 13 out  
of 27 members of the senate were  
elected, and it was believed in Bal-  
timore early today that the demo-  
crats had secured a dominating po-  
sition in both houses. In Kentucky,  
the democrats regained control of  
the state legislature lost to the re-  
publicans two years ago and claimed  
53 out of 100 members of the lower  
house and 19 out of 36 seats in the  
senate.

New Jersey republicans claimed  
to have elected 41 assemblymen out  
of a total of 60 seats, and asserted  
the party line-up in the senate  
would stand as it did last year—15  
republicans and 6 democrats. The  
"wet and dry" issue played a promi-  
nent part in that state, the re-  
publicans standing for a strict enforce-  
ment of the state prohibition act,  
while the democrats favored its vin-  
dication or repeal.

Only one governorship was gained  
out of the balloting, Virginia elect-  
ing state Senator E. Lee Trinkle,  
democrat, by a large majority over  
Henry W. Anderson, republican.

The voters of Ohio apparently  
were heavily in favor of the soldier  
bonus proposal, announcement be-  
ing made by Secretary of State  
Smith that in his opinion it would  
be carried by a 500,000 majority.  
The bonus proposal would call for  
an amendment to the state constitu-  
tion which would authorize the is-  
sue of state bonds up to \$25,-  
000,000, out of which Ohio veter-  
ans of the great war would be paid  
ten dollars for each month's ser-  
vice, the total payment to any man  
not exceeding \$250.

## JUDGING OF CITIES TO START NOVEMBER 11

OKLAHOMA CITY, Nov. 8.—  
Judging of the twelve Oklahoma cities  
competing in the "Better Cities"  
contest being conducted by Dr. Wil-  
liam A. McKeever of the bureau of  
lectures and juvenile science at Law-  
rence, Kan., is to start November  
11, Armistice Day, at Sapulpa. The  
other cities are to be judged in the  
following order, according to Dr.  
McKeever: Enid, Blackwell, Ard-  
more, Edmond, Lawton, Claremore,  
Snyder, Henryetta, Durant, Bart-  
lesville and Pryor.

## JUDGES IN THE CONTEST ARE CORN CROP DECLINES IN RECENT ESTIMATES

(By the Associated Press)  
WASHINGTON, Nov. 9.—The corn  
crop declined slightly during Octo-  
ber, today's preliminary estimate  
of the production made by the  
department of agriculture being 11,-  
365,000 bushels less than was fore-  
casted a month ago. The total crop  
this year will be 3,151,698,000  
bushels, still one of the largest ever  
produced.

Oklahoma's production of corn  
was estimated at 84,525,000 bush-  
els.

## Call Prayer Meeting.

Prayer meeting of the First Baptist  
church will be held this even-  
ing at 7:30. We are always happy  
to see a large attendance and you  
are cordially invited to be present.  
C. C. MORRIS, Pastor.

## THE UNGRATEFUL FATHER

## RED CROSS ROLL CALL SCHEDULED FOR NEXT WEEK

Blake Is Named Chairman  
For County and Legion  
Appoints Men.

## NO QUOTA IS FIXED

Pontotoc County Must Give  
Good Support To Keep  
Chapter Active.

T. B. Blake was appointed county  
chairman for the annual Red  
Cross roll call to be taken in Ada  
and Pontotoc county on Tuesday,  
November 15, at a joint meeting  
of the American Legion with Red  
Cross officials last night.

A Legion committee composed of  
Ben Baldwin, W. M. Emanuel, Sam  
Schienberg and Lowery Harrel was  
named by Walter Wray, post com-  
mander, to co-operate with Blake in  
putting across the drive. Two other  
committees to represent the busi-  
ness interests of the city will be  
appointed to work on the movement.  
Plans for the roll call will be com-  
pleted at another meeting of offi-  
cials tonight.

No quota has been set for the  
county Red Cross drive this year  
and the field has been left open  
for workers to roll up the biggest  
membership possible. Mrs. Orville  
Sneed, county Red Cross secretary,  
has been advised by state head-  
quarters. This is the only fund the  
local Red Cross has to operate on  
for the next year and at the pres-  
ent time the treasury is flat for the  
regular defraying of current ex-  
penses. An intensive campaign will  
be made by committees, the mem-  
bership of which are expected to be  
supplemented by further appoint-  
ments of additional workers in var-  
ious parts of the county.

Unless funds are raised to sus-  
tain the Red Cross as an active  
county organization for relief and  
other kinds of social service, the  
chapter will be discontinued and  
the office closed, it is understood.

Time Is Shifted.  
The annual roll call, formerly  
(Continued on Page Six)

## SENATOR SAYS YANKS SHOT OWN TRAITORS

WASHINGTON, Nov. 9.—  
Representative Johnson,  
republican, South Dakota, for-  
mer officer in the army, de-  
clared in the house that while  
he had no substantiation of the  
charge, he had "reason to be-  
lieve that soldiers who were  
traitors, cowards or mentally  
unfit, were shot by their own  
comrades while facing the  
enemy."

The statement was hotly de-  
nied by Representative But-  
terick, democrat, North Caro-  
lina, also a former officer,  
who declared he would not  
permit the Johnson statement  
to go unchallenged.

## CRAIG STAND APPROVED BY ULSTER'S CABINET

(By the Associated Press)  
LONDON, Nov. 9.—The Ulster  
cabinet meeting here unanimously  
approved today "the firm attitude"  
which Sir James Craig, Ulster Pre-  
mier, has maintained in the interests  
of Ulster in his conference with  
Premier Lloyd George over the  
questions of Irish settlement.

## HAMBONE'S MEDITATIONS

HIT SUT'NY DO JES' BEAT  
EV'Y-THING -! MONEY  
GIT'IN' SO TIGHT WID  
ME EN KUNL BOB HEAN  
O' LATE, AH CAINT  
BORRY TWO-BITS FUM  
'IM NO MO'!

OKLAHOMA WEATHER  
Tonight fair, colder in southwest  
portion, temperatures freezing or  
below; Thursday fair, rising tem-  
perature.

## PACKERS GIVEN INTIMATIONS OF SLASH IN WAGES

Four of "Big Five" Request  
Employees To Consider  
Reduction Plan.

## MORRIS WILL FOLLOW

Butchers Take Strike Vote  
In Case No Agreement  
Is Reached.

(By the Associated Press)  
CHICAGO, Nov. 9.—A general cut  
in wages of packing house workers  
was forecasted today when four of  
the big five, Armour and Company,  
Swift and Company, Wilson and  
Company, and Cudahay Packing  
Company, requested their employees  
to consider, in the plant council, a  
reduction in pay to be made effec-  
tive in the near future. No definite  
amount was mentioned, and offi-  
cials said that the conference had  
not determined the size of the re-  
duction to be sought.

Morris and Company, the only  
one of the big five which has not  
established an employees council, is  
expected to make any reduction  
which the others may agree on.

The Amalgamated Meat Cutters  
and Butchers Workers of North  
America recently took a strike vote  
in which a substantial majority au-  
thorized Cornelius Hayes, interna-  
tional president, to order a walk-  
out if he was unable to reach a sat-  
isfactory agreement with the pack-  
ers.

The big five packers asserted,  
however, that only a small por-  
tion of their men are union members  
and that a strike would not seriously  
affect their plants. The closed shop  
has never received recognition in  
the industry.

The strike vote followed termina-  
tion of the period of federal arbi-  
tration, established during the war  
under Judge Samuel Alschuler, an  
appointee of the secretary of labor,  
who kept peace in the packing in-  
dustry up to September 15, when  
his control ended.

A machine has been devised that  
tests the exact shrinkage of cloths.

## OFFICIAL STATIONERY OF KU KLUX APPEARS

FIRST appearance of official  
stationery of the local Ku  
Klux Klan chapter was not-  
iced in Ada today on the re-  
ceipt of a letter by Mrs. Or-  
ville Sneed, Red Cross and  
United Charities secretary,  
containing a November pay-  
ment on the Ada Klan's pledge  
of \$70 to county charity.

The letterhead was printed  
by the "Ku Klux Klan press,"  
presumably of Atlanta, Ga.,  
and contained the full emblems  
of the national organization,  
together with the official sig-  
nature and stamp of the local  
Klan.

Mrs. Sneed said this was  
the second \$10 payment on the  
mysterious pledge. She ac-  
knowledges Klan gifts through  
the press.

## 21 GUNS VOLLEY SALUTE TO DEAD

Unknown American Hero Is  
Given National Salute  
This Morning.

(By the Associated Press)  
WASHINGTON, Nov. 9.—Her ap-  
proach on the Potomac river mark-  
ed by periodic rendition of salutes  
usually accorded the chief execu-  
tive—21 guns—the cruiser Olympia  
brought to his homeland today the  
unknown soldier—representing thou-  
sands of American soldier dead  
overseas.

The program, designed to ex-  
press the nation's honor for its war  
dead, began when the Olympia turned  
this morning into the wide  
stretches of the Potomac. The bat-  
tleship North Dakota, lying off Tiny  
Point entrance to the river, dipped  
her colors in salutation as her guns  
sounded welcome. As the cruiser  
proceeded towards her berth at the  
Washington Navy yard, Ft. Wash-  
ington barracks signaled her pas-  
sage with the presidential salute of  
21 guns.

The Olympia was scheduled to  
dock about four o'clock this morn-  
ing. The casket bearing the re-  
mains of the man who fell, un-  
known but undaunted, will be given  
at the docks to the hero escort  
which will accompany it to Arlington  
Friday.

High officials and officers of the  
army and navy department will meet  
the Olympia when she docks at the  
Washington navy yard. Secretaries  
Weeks and Denby and their aides  
will be among the party.

Eight men of the house military  
committee were appointed today by  
Chairman Kahn to represent it at  
the burial of the unknown soldier.  
The historic catafalque on which  
the body of the unknown soldier  
will lie in state was installed early  
today at the capitol.

The casket will lay from east  
to west in the capitol rotunda on  
a line with the main doors so that  
the people may pass by in double  
lines tomorrow.

## "BIG TIM" FOUND GUILTY OF PLOTTING ROBBERY

(By the Associated Press)  
CHICAGO, Nov. 9.—"Big Tim"  
Murphy, union leader, former state  
representative, former secretary to  
Congressman "Pipes" McDermott,  
an alleged gunman, was found guilty  
today by a jury in Judge K. M.  
Landis' court of plotting the \$360,-  
000 mail robbery at Dearborn Sta-  
tion last April. Vincenzo Cosmano,  
union president, and a protégé of  
Murphy, Edward Geirum, alleged  
driver of the bandits' car, and Paul  
Volanti also were convicted.

## RELIEF IS SEEN BY WEATHER MAN AT STATE OFFICE

(By the Associated Press.)  
OKLAHOMA CITY, Nov. 9.—  
Freezing temperature prevailed  
over a large section of Oklahoma  
this morning, it was announced at  
the weather bureau here. Continu-  
ance of the cold weather is fore-  
casted for tonight with freezing  
temperature or lower being pre-  
dicted for the entire state.

Fair and warmer weather is pre-  
dicted for Thursday, weather of-  
ficials said, the forecast being based  
on the fact that it is warming up  
rapidly in the Canadian northwest.

Although receiving no reports  
from Panhandle section of the state,  
weather bureau officials said the  
temperature probably registered be-  
tween 22 and 28 degrees there this  
morning, as indicated by the tem-  
peratures at Dodge City and Amar-  
illo. The minimum at Oklahoma  
City was 31 degrees, the first freez-  
ing weather of the winter.

## PUMP STARTS ON BEBEE PRODUCER; OIL GRADES FINE

175 Barrels Are in Tank  
Early This Morning  
After Few Hours

## OUTLOOK IS BRIGHT

Oil Experts Watching Well  
Closely and Interest  
Runs High.

The well of the Nance Syndicate  
in section 4-4-5, near the inland  
town of Bebee, was put on the  
pump Tuesday and the pump started  
at 1:30. Something was wrong with  
the boiler, necessitating closing  
down for two hours, and at 9  
o'clock this morning 175 barrels  
had been put into the tank, or an  
average of 10 barrels an hour.  
At this, oil men point out, the  
well has not been given a fair  
showing, as there seems to be a leak-  
age of gas between two of the cas-  
ings. This means the well is  
easily good for approximately 250  
barrels, and is the best well that  
has been brought in south of Henry-  
etta and north of the Healdton  
field, oil men say.

This oil is approximately 40  
degrees gravity, and at the recently  
posted prices will bring \$2.25 in  
the pipelines. It does not take a  
particularly good mathematician to  
figure the well a good payer,  
although the cost of drilling is  
heavy.

## Oil Scouts Here.

Representatives of many of the  
big companies, including the pipe  
line companies, are on the field  
and watching developments. As long  
as the oil was in the hole and  
only estimates could be made, no  
one could tell what the well would  
do, but it is pointed out that oil  
going into the tank puts at rest  
any doubt as to the size of the  
well.

The completion of this well is  
looked upon by the people of this  
section as the beginning of much  
development. To George Nance and  
his associates is due much credit  
for their untiring efforts to prove  
the field. Like Messrs. Carter,  
Lowrey, and LaSelle, the Nance  
people were confident a big pool of  
oil could be found in that general  
territory. Mr. Nance himself believes  
the largest pool has not yet been  
found, and he will go after this  
real pool as rapidly as he can. The  
present well, however, is enough  
to bring in millions of dollars to  
develop the country about Bebee  
and Maxwell and even the territory  
closer to Ada.

## Good Roads Motor Club Confers With Gasoline Dealers

A committee from the Good Roads  
Motor club composed of C. E. Cun-  
ning, C. C. Morris, N. B. Stall and  
E. S. Haraway is making the round  
of dealers in gasoline securing sig-  
natures to a binding contract where-  
by an extra cent on the sales will  
be collected and turned over to  
the club for work on the roads in  
Pontotoc county. Nearly all had  
signed at noon today and the others  
will probably do so as soon as the  
committee sees them.

The club has done some effective  
work on bad stretches of road dur-  
ing the past few months and mark-  
ed the Cotton Belt highway. Its pur-  
pose is to continue this work and  
enlarge its scope as rapidly as pos-  
sible. The Ozark Trail is now re-  
ceiving the attention of the club  
and if secured will be properly tak-  
en care of.

## COMMITTEE CHARMEN FOR RED CROSS DRIVE

Mrs. Mabel Brouall, who will  
manage the Red Cross campaign for  
the sale of Christmas seals, has  
announced the appointment of the  
following chairmen of committees,  
each chairman to select such asso-  
ciates as he or she may need to  
help:

Personal solicitation, Miles Grigs-  
by; publicity, Byron Norrell; East  
Central Normal, Miss Kate K.  
Knight; Public Schools, J. E. Hick-  
man; rural schools, A. Floyd;  
booths, Mrs. C. E. Cunningham; Meth-  
odist church, Miss Sallie Fulton;  
Baptist church, Mrs. S. P. Ross;  
Episcopal church, Mrs. Frank L.  
Finley; Presbyterian church, Mrs.  
C. V. Gowing; Church of Christ,  
Charles Floyd; Christian church,  
Mrs. Melissa Bills.

## BIBLE THOUGHT FOR TODAY

POWER OF THE WORLD:—For the word of God is quick, and powerful, and sharper than any two-edged sword, piercing even to the dividing asunder of soul and spirit, and of the joints and marrow, and is a discerner of the thoughts and intents of the heart.—Heb. 4:12.

## SMILE.

"The only nation that is capable of licking the world is stagnation," said a keen observer of human tendencies a few days ago.

"The man who thinks this world is going to the bow wows is a milestone on the neck of progress. He's dead, but doesn't realize it.

"Business—good or bad—is largely a condition of the mind. You can help make it good by wearing the smile of optimism."

The statement is slightly overdrawn, but at the same time it gives one of the most fundamental truths in human endeavor. There is nothing that aids success more than success itself. No one wants to do business with a grouchy man who wants the world to go to the bad will usually get his wants gratified. The man who is looking for the rift in the clouds will see that rift before the one whose eyes are cast upon the ground.

An old fable, which is not true, illustrates the point. Man originally went on his all fours like the other animals. One day one of the proud male members of the family arose to his rear feet and looked into the heavens. He saw the sun and the brilliant skies. His nature thereafter rebelled against looking down and from that day to this the best in the human family have kept their eyes cast upward and a smile of gladness has played on the faces.

What are business conditions to worry about? In a thousand years it will make no difference. Optimism, smiles, a bright outlook on life—these will do much to throw back the business gloom that has settled on some of the citizens of the community, as well as those of other communities.

Among the valuable features of the East Central Teachers' College library is a set of twelve volumes on the part the South has played in the building of the nation. The work was well planned and every chapter written by some man who has done exhaustive research work and is particularly qualified to handle his topic. During the stirring days of the nation's history the South was too busy making history to record much of it. Our people were not of the literary turn that characterized the New Englanders. As a result most of the works on history have been written in New England. Some of these men were highly prejudiced and ignored the South as far as possible, while those who really strove to be fair did not have access to reliable data. As a result the work done by Southerners has been much underrated by the world. Even the present generation of Southerners are ignorant of many important facts of history in which Southern men were the prime movers. This work is a timely addition to the written history of the nation. Facts are here preserved that will guide future writers and finally set the South right before an unprejudiced nation and world. It should be studied, not only by Southern people, but by all thinking ones who are seeking for the truth.

We hope to see more oil men in Ada, though we realize the financial condition does not permit rapid development of new fields at this time. The continued advance in the price of crude oil, however, will have a decided effect upon drilling in this field. We are quite anxious to see more wells go down, for it seems to be the unanimous opinion of the oil men that a giant pool lies in the northwest part of the county and possibly in other parts.

This fall weather is wonderful, but the weather is bound to change. That hard winter will likely last in short order in a few days.

## New Harness Shop!

The Adair-Maxey Shoe Shop has installed a complete harness shop in connection with their modern Shoe Making and Repairing business. All kinds of harness and saddle repairing done quickly and efficiently. New Harness of all kinds made to order.

## The Forum of the Press

Getting Along Slowly.

(Hugo News)  
Thomas Edison is becoming a cynic in his old age. A genius himself he rather expects everybody else to be of the same mental turn.

Discussing the results of his now famous mental test he told a reporter recently that "nobody can write a self-evident fact so plainly that two per cent of those who read it can understand it."

"And if only two per cent can understand the simplest themes how can we say that we have self-government?" he questioned.

In the same pessimistic view he continued: "We have no self government. We have government by a little group of men, most of whom are lawyers. You know what Herbert Spencer said about government. He said the average intelligence represented by government acts was lower than the intelligence of the least intelligent member of the government. That explains a lot of things about government."

It isn't nearly so bad as Edison pictures it.

True enough that we were humans blunder along more or less, making fool laws, breaking them, repealing them, fighting over them, making more of them, but with all of our poor mentalities and with all of our weakness we have managed to progress right along.

The general mentality is better today than it was a century ago, and a century from today it will be better than it is today.

Thus moves the world, stimulated perhaps by such prodding as Edison gives us.

(Kansas City Star)

In these days of world war heroes the veterans of the Civil war are not being forgotten in official Washington. It has been noticed that the plea of the Grand Army, or a delegation of the G. A. R., gets ready ear at the White House, in the pension office and before congress, where there are a decreasing number of veterans who wore the blue or the gray.

The meeting of the United Confederate Veterans in Chattanooga, following the reunion of the Grand Army in Indianapolis, has emphasized that the blue and gray armies, which fought so steadily more than a half century ago, are rapidly passing.

Representative Henry Z. Osborne, of California, who entered the union army at the age of 17; Representative Charles M. Stedman of North Carolina, who entered the Confederate army as a private and rose to the rank of major, and former Representative Isaac R. Sherwood who advanced from private to major general with the union army, were discussing with comforting satisfaction the powerful union which has arisen in a little over a half century, through the indissoluble union of both armies.

The discussion brought out the records which show that the average age of the soldiers of the Northern army in the Civil war was 23 years. In the South it was lower. Fifty-six years have passed since Lee surrendered at Appomattox. So the age of civil war veterans must average 80 years. The G. A. R. was organized in 1866, with all the vigor and enthusiasm of the American Legion. In 1890 it reached its peak membership of 409,489. In 1917 only 125,931 members remained alive. Now they have dwindled to less than 95,000.

The United Confederate Veterans have dwindled to a membership of only 45,000.

## NEGROES WOULD ENJOIN STATE ATTORNEY GENERAL

OKLAHOMA CITY, Nov. 9.—Petition of negroes of Pottawatomie and Seminole counties, seeking to enjoin the attorney general from approving a \$20,000 bond issue for a school building, was to head in federal court here today.

The negroes assert they were not permitted to vote at the election, which was held in Joint Union Graded School district No. 3. The bond issue was adopted by a vote of 164 to 55. The negroes claim it would not have passed had they been given the privilege of voting. The attorney general's office will be represented by R. S. Cobb, assistant attorney general, at the hearing.

## MOTHER GAVE IT

Virginia Lady Suffered With Aches and Pains Until Mother Began Giving Her Cardui.

Dublin, Va.—Miss Mary Alice Huggett residing on Route 2, near here, recently told a visitor of her interesting experience with Cardui. Miss Huggett said: "I had been suffering for some time with painful... I was pale, didn't feel like going. Would just drag around, and couldn't rest to do any good. I would suffer once a month with my back, sides and head. My limbs would ache and I didn't know what to do, but I knew I must do something, for I didn't get well by letting it run on."

"My mother is a believer in Cardui, for she saw what it did for others as well as herself, so she began giving it to me."

"It wasn't long before I saw a change. It was just what I needed. It regulated me. I began to eat and sleep, and the pain stopped."

"Cardui is without doubt the best female tonic made, and I am glad I can recommend it to others."

If suffering with symptoms such as Miss Huggett mentions, or other ailments peculiar to women, why not begin Cardui at once? Its merit is well established by successful use for more than 40 years.

Try Cardui! Your druggist sells it. NC-138

SO VA ARE!

EDWIN W. FIELD,  
Milwaukee, Wis.

"I'm convinced if I had taken Tanlac two years ago, when my troubles first began, I would have been saved a world of suffering," said Ed W. Field, 538 Jefferson St., Milwaukee, Wis.

"My case proved that when a man's stomach goes wrong with him. The first thing I noticed out of the way was loss of appetite and next that no matter how sparingly I ate, I was sure to have an attack of indigestion. This was two years ago and from that time on, until after I started on Tanlac, I kept going down hill at a steady rate. I finally got so I couldn't walk a couple of blocks without having to stop and rest and I was so nervous that often I sat up in a chair all night long."

"Tanlac has made a new man out of me, my stomach is as sound as a dollar and I feel fine all the time. I am a firm believer in Tanlac because I know it delivers the goods."

Tanlac is sold in Ada by M. A. Waits and all leading druggists. (adv)

## HEALING CREAM STOPS CATARRH

CLOGGED AIR PASSAGES OPEN AT ONCE—NOSTRILS CLEARED

If your nostrils are clogged and your head, stuffed because of catarrh of a cold, get Ely's Cream Balm at any drug store. Apply a little of this pure, antiseptic germ destroying cream into your nostrils and let it penetrate through every air passage of your head and membranes. Instant relief.

How good it feels. Your head is clear. Your nostrils are open. You breathe freely. No more hawking or snuffing. Head colds and catarrh yield like magic. Don't stay stuffed up, choked up and miserable. Relief is sure. (adv)

## FARM-LABOR LEAGUE NOT ANOTHER PARTY

(By the Associated Press)

OKLAHOMA CITY, Nov. 9.—Denial that the Farmer-Labor Reconstruction League if Oklahoma in reality is a third political party with a definite object of putting another party ticket into the field at the next election, has been made here by Edgar Fenton, president of the state federation of labor. Formation of the league was announced at Shawnee recently just previous to the state labor convention.

The league is intending to support various candidates for office, however, the president stated, and it is possible that an independent candidate will be supported if the candidate of neither party is welcome to both the labor and farmer members of the league, membership in which is limited to no particular party.

"No political organization is barred from membership, and naturally no political party preferences will be considered on passing on applications for membership," Mr. Fenton said.

That the league was entirely disassociated from the Nonpartisan League and that the platforms of the two leagues were dissimilar also was stated by Mr. Fenton. He declared considerable progress had been made in perfecting local organizations over the state, chapters being formed or in process of formation in Oklahoma, Canadian, Oklahoma, Muskogee, Delaware and Pottawatomie counties.

"We are intending to exert our influence at the polls of course," he said, "the principal influence being to endorse candidates acceptable to both the laborer and the farmer—to the industrialist, that is."

It was added that at the Shawnee meeting, the intention was merely to form a league having certain political policies but having no definite party ticket in view. He did not deny, however, that it was possible that a ticket would be put into the field if other candidates were not in accord with the league's policies.

Heartburn, heaviness in the stomach, bloated feeling, coated tongue, bad breath, dizziness and vertigo (blind staggers) can be quickly relieved by Prickly Ash Bitters. Men who have used it say they can eat heartily without misery, where before they tried it the most healthful food seemed to get them out of fix. Price \$1.25 per bottle. Gwin & Mays Drug Co., Special Agents. (adv)

## LABOR CAN'T EAT ALL THIS FARMER'S PROFIT

(By the Associated Press)

BOLEY, Nov. 9.—Who said labor was taking up all the cotton farmer's profit whether he made a good crop or a poor one?

J. E. Taylor, county agent, says he didn't say it, anyhow, and told of John Hollingsworth, an Okfuskee county farmer, who made eight bales of cotton from 12 acres, and hired only \$15.50 worth of outside labor to harvest his crop. He and one son did the remainder of the work.

Scientists have advocated the breeding of bats to kill off malaria carrying mosquitoes.

## NOTICE PLEASE

Five cars have been stolen in Ada in the last five weeks. It seems that Ada has been picked as the grounds for a well organized band of thieves to operate

Our city has enjoyed the very lowest automobile theft rates in the state. If these thefts continue, of course Ada will be classed with other cities in this state where the losses have been so heavy and rates made accordingly.

So that the recovery of stolen cars may be made possible, we ask that all car owners notify Sheriff Bob Duncan at once after loss is discovered. This is of great importance and perhaps will mean the capture of the thief.

## REGISTER VOTERS FOR BOND BALLOT

November 17 to 26 Is Set  
For Enrollment of New  
Comers in County.

November 17 and 26 has been set for a registration period preceding the \$880,000 county and township road bond election, according to an announcement made Wednesday by T. O. Collins, county registrar. Registration lists will be opened one week from tomorrow and will stay open until ten days before the date set for the election, according to law.

Registration booths will be in the regular precinct voting places. One will be placed in each of the four wards of Ada and one in every voting precinct over the county, according to the registrar.

The registration, it was pointed out, is not for regularly registered voters but for those who have become of age since the last registration and those who have recently moved into the state, county, or their present voting precinct. Laws require voters to be in the state a year, county six months and precinct 30 days.

Although not a heavy registration is expected, registrars have urged voters who expect to register not

to wait until the last, thus causing a rush during the last few days to get on the voting books. Full time has been allotted for registration, they pointed out, and there is no occasion for any confusion.

## \$1,299.85 in Butter For Ten Months Is New County Record

At the dairy demonstration Monday afternoon, at the request of County Agent J. B. Hill, Mrs. L. E. Hutchinson gave a report of her sales of butter for the ten months of the present year. It is herewith presented:

January, 6 cows, sales \$78.60; February, 6 cows, \$105.00; March, 8 cows, \$81.60; April, 9 cows, \$144.35; May, 10 cows, \$152.50; June, 10 cows, \$164.80; July, 9 cows, \$142.50; August, 9 cows, \$126.55; September, 10 cows, \$154.70; October, 10 cows, \$139.25. Total \$1,299.85. Mrs. Hutchinson explained that the falling of in October was due to the extended drouth.

Besides this the family is supplied and the separated milk is used to excellent advantage in feeding chickens, hogs and calves.

Mr. and Mrs. Hutchinson are pioneers in the dairy business, having settled on their farm near Oakman a number of years ago. Their butter soon won a reputation in Ada and always commands about ten cents premium above the prevailing market price. They use a cream separator and consider it a great help.

Sugar is first mentioned in history when a small quantity was brought from India to Rome.

Mrs. Charles Chauncey, who is now living in Florida, is spending several weeks here the guest of relatives and friends. She will be joined soon by her husband, an army aviator, who will spend a month's furlough in Ada.

It is expected that steps will be made in the near future by the city to cause the Pierce Oil Corporation to move their station from its present location on East Main street. The company was given permission several weeks ago to refrain from moving the station until after the stock had been disposed of. Most of this stock has been sold, it is understood and the city will require the company to live up to its agreement.

**The Efficient Woman.**  
We hear a great deal nowadays about the efficiency of women. In the novels of fifty years ago, who ever heard a woman praised for her executive ability, force, and energy, in the sense that it is used today? The frail, delicate, helpless ideal of womanhood has passed away. How is it possible to measure up to the ideals of modern womanhood? In the first place, we must keep our bodies in the best possible condition.

Thousands of women have succeeded through daily baths, exercise in the fresh air, and Lydia E. Pinkham's Vegetable Compound at the first sign of female weakness. (adv)

## K. OF P. TO HOLD INITIATION SOON FOR GREAT CLASS

S. R. Melville, special representative of the Knights of Pythias lodge, is in Ada today assisting local members to increase their membership a hundred fold within the next week. On Wednesday night, November 16, the lodge here expects to initiate at least 100 candidates.

Some of the principles and traditions of the lodge were outlined as follows:

"This organization is made up of loyal citizens banded together for the purpose of aiding their worthy brothers when in need or in distress.

"When Mr. Rathbone, in the early seventies, conceived the idea of organizing his neighbors into a protective society, he little dreamed that at some future date the organization would grow to number its members by the millions. However such has been done and today the Knights of Pythias stands as one of the greatest lodges in existence."

Members of the lodge who have belonged to other lodges and have neglected to keep up their dues should report to F. L. Finley and get reinstated for November 16. Many members of the grand lodge will be here at that time to assist in conferring the degrees.

## Solemnize Weddings.

Two weddings of some interest during the last few days were those of Clayton Bowie, of Ada, to Miss Moneta Myers, Stratford, and J. C. Strange, of New Mexico to Miss Sallie Wright, of this city. The former couple was married Saturday afternoon at 1 o'clock at the Baptist parsonage, Rev. C. C. Morris officiating. The latter couple was married Tuesday night at the Baptist parsonage in the presence of only a few intimate friends.

Both of the young couples will make their home in Ada.

Mr. and Mrs. Jim Hill of Holdenville are in the city for a week's visit with Mrs. Hill's parents, Mr. and Mrs. McBroom of East Fourteenth street.

Mrs. Edwin Harrison of El Reno, who has been in the city for several days visiting relatives and friends, left today for her home.

## County Has No Fund To Call Grand Jury Judge Bolen States

It will be impossible for a grand jury to be called now on account of the lack of funds, District Judge J. W. Bolen says. The district court, the judge says, was given only \$5,000, and all but about \$600 has been used up, practically all of it being taken in the long criminal court session. It will be all he can do to get through the present civil docket with what money is left.

Judge Bolen says he is anxious to do something to stop violation of prohibition laws. Practically all of the crime that has been committed in this county has been as a result of whiskey, he declares.

"We have just closed a criminal term of court and three of the leading cases were directly traceable to whiskey. We spent \$3,000 of the tax-payers money, and these three cases too \$2,200 of their money. One dead man many many broken hearts, and several other unfortunate incidents followed these crimes traceable directly to whiskey," Judge Bolen says.

## METHODS OF NEW YEAR DISCUSSED AMONG FARMERS

Commissioner Brents reports a good meeting of farmers at Sunshine school house Monday night. About 25 or 30 were present, including some from Rocky Chapel.

The object of the meeting was to discuss best lines to be followed next year. It was the sense of the meeting that cows and hogs offer the most promising opportunity under present conditions. Quite a number are already shipping cream and others will do so as soon as they can prepare for it. Hogs will follow as a matter of course as the quantity of separated milk becomes greater in volume. All in that part of the county already have plenty of corn.

It was also decided that a number of farmers of the community will club together and buy a pure bred sire by way of improving the grade of dairy cows in the future. A dairy club will be organized in a short time and the members will then co-operate as far as possible in marketing their product.

## Cows Around Ada Make Good Showing In the Cream Test

A total of forty-eight samples of milk were tested at the demonstration held at Ada Tuesday. The average for the lot was 5.3 per cent, which is considered most excellent and indicating that the cows in this part of the county measure up well in the matter of milk rich in butterfat.

**Marriage License.**  
J. C. Strange, 23, Ada, and Miss Sallie Wright, 19, Ada.

## M'SWAIN HOME OF GOOD SHOWS THIS WEEK

The Jack Lord Musical Comedy company is enjoying a week of good business at the McSwain, due to the classy shows they are presenting. Ada theatre goers. Everything is clean and laughable and each member of the company is capable and an artist. The girls are pretty and young and have good voices. Jack Lord is a comedian who knows what his audience wants and is giving it to them, ably assisted by Bunny Whitlock, Billy Earre, Betty Connors, Louise Fairfax, Ellie Wilkerson and his own jazz orchestra. The comedy offers a complete change of program daily and on Friday night are presenting their feature production entitled "So Long, Mary," in which each member of the company will be suitably cast.

## SWIFT & COMPANY LOOKS FOR CREAMERY SITE

A. Watt, representing Swift & Co., states that he is looking over the local situation with the idea of establishing a cream station here. He recently established one at Francis and says the people in and around Francis are determined to make a go of it. They are fully awake to the value of dairying to the country at this time and are doing their best to help it along.

The cream station established at Ada by another firm a few weeks ago has been closed due to a lack of patronage, but Mr. Watt is not discouraged by this fact.

## How Yeast Vitamon Tablets Put On Firm Flesh

Quickly Increase Your Energy  
and Beautify the Complexion—  
Easy and Economical to Take.

Thin or run-down folks! Take  
Mastin's VITAMON—two tablets  
with every meal. Then weigh and  
measure yourself each week and  
continue taking Mastin's VITAMON  
regularly until you are satisfied with  
your gain in weight and energy.  
Mastin's VITAMON contains highly  
concentrated yeast-vitamins as well  
as the two other still more important  
vitamins (Fat Soluble A and Water  
Soluble C). It is now being used by  
thousands who appreciate its  
convenience, economy and quick results.  
By increasing the nourishing power of  
what you eat Mastin's VITAMON  
supplies just what your body needs  
to feed the starved tissues, strengthen  
internal organs, clear the skin and  
renew shattered nerve force without  
upsetting the stomach or causing gas.  
Pimples, boils and skin eruptions  
seem to vanish as if by magic and the  
complexion becomes radiantly clear  
and beautiful.

IMPORTANT! While the amazing  
health-building value of Mastin's VITAMON has been clearly and positively  
demonstrated in cases of lack of energy, nervous troubles, anemia, indigestion,  
constipation, skin eruptions, poor complexion and a generally weakened physical  
and mental condition, it should not be used by anyone who OBJECTS to having  
their weight increased to normal. You can get Mastin's VITAMON tablets at  
all good druggists.

# DISARMING NAVY THOUGHT SIMPLE

Japanese Delegate Asserts  
"Bif Three" Powers On  
Water Don't Clash.

(By the Associated Press)  
CAMBRIDGE, Mass., Nov. 9.—Whatever the problems of the armament conference, an agreement for limitation of naval armament ought to be a "comparatively simple matter," says Ambassador Shidehara of Japan, one of that country's delegates, writing in the current issue of the Harvard Crimson.

The ambassador bases his statement on the conclusion that the war left only three great naval powers each on a different continent and with "none of the real interests of one conflicting vitality with others."

At the same time the ambassador takes opportunity to outline Japan's case at the arms conference, her relation to China and the far eastern situation, as well as her place in the world.

He writes:

**Expects Marked Success.**  
"The Japanese delegation come to the Washington conference confident that the nations assembled there will achieve a substantial measure of success and that valuable understandings will result, enabling the several principal nations to live in future with less suspicion and distrust, and consequent armament. This is the least that can be expected. But we Japanese are hoping that, as President Harding said at Yorktown on October 19," The time has come when there must be recognition of essential co-operation among nations, devoted, each of them, in its own peculiar national way, to the common good, the progress, the advancement of all humankind."

"We Japanese are primarily concerned, as America is, with a limitation of naval armament, and it is on this matter that I speak with confidence. What agreements can be reached for the limitation of land forces is more difficult for me to estimate. But as far as the seas are concerned an agreement ought to be a comparatively simple matter for the obvious reason that there are but three great naval powers left in the world and that each of them to a different continent separated from the others by a great ocean, and with none of the real interests of one conflicting vitally with the others. For these reasons it seems to me that only a most arbitrary attitude on the part of one or another country can defeat the main purpose of the conference, and non will be arbitrary, for the peoples as well as

the governments of all three most earnestly desire agreement.

**Some Are Misinformed.**  
"There is a unofficial, I might say public, American point of view that any agreement must be contingent upon a settlement of Far Eastern problems, and to some Americans those problems seem greatly involved and fraught with possibilities of grave danger. It is hardly within my province as the representative of another Americans how needless is this alarm, but as your president has invited us to an open and frank discussion, and as the "Crimson" has left me free to say what I will, I am sure it will not be taken amiss if I point out the fallacy of such contention as have been launched in the United States by the doubters and by the comparatively few actual enemies of an understanding.

"Intelligent and well informed naval men in every country know that the Great War left the United States proper absolutely unassailable. No power in the world is in a position to attack your country without bringing grave distress upon itself. For more than one hundred years you have lived without a hostile foreign soldier within your borders, and today no nation in Europe would dare attack you even if it had the will to do so. Yet Europe is only 3,000 miles away while Japan is twice as far.

"But the baiters of Japan are not content with that argument. They declare that Japan could take the Philippine Islands. In the same category they would include Hongkong and the extensive British possessions in East Asia, and also French Indo-China and other European possessions in the Pacific. But, as a matter of fact, there various eastern possessions of Western nations could be considered by Japan a far greater menace to her than she is to them. Japan, however, is confident that no Western nation has any designs upon her independence."

## What They Say

Let the Woman Help.

By W. F. L.  
Not long ago I heard a man boasting that he did not bother his wife with his financial troubles. Instead of being kind to her, he is robbing her of her rights and denying himself the benefits of her judgment. Oftentimes the wife is just as shrewd as the man and the better financier of the two. If she is the right kind, she will take pleasure in helping solve the financial problems and build up an old age competency.

A young man with some money and no business ability married a young girl socially ambitious. She had worked in early life and after marriage felt she could spend freely. The husband did not take her into his confidence, and she is now working to support herself and baby, while he is making what he can at odd jobs. Had he been frank with her, she could have helped him to save what they had in the first place and life would not have been such a struggle.

There are two general causes for men's stealing large sums of money, barring the few who are born criminals: gambling, and extravagant wives. In most cases the wives are extravagant because they do not realize they are making it hard for their husbands. It is not hard for a woman to adjust her expenses, as the woman is always more willing to make financial sacrifices than the man.

Two brothers of apparently equal capacity married. One wanted his wife's assistance and advice. The other wanted his to play society and not be bothered with money matters. The latter is now working on a small salary and finding it difficult to make ends meet. The former is well to do, not only financially but socially and politically. Women got good training during

the war. When men went to war and into government work, women were called upon to fill their places at home. They did the work well. In the war drives they showed they understand the intricacies of the money system and how to raise money for worthy purposes. These experiences gave the farm women a new lease on life, and they should not be denied the privilege of using this newly acquired information.

Generally the wife should have an account of her own at the bank. She should be careful to keep an accurate account of the checks drawn and the deposits made, or else a part of the value of the training is lost. A bank is a keen observer of business methods, and the woman who expects to build up credit must use business methods. There is no excuse for one's not knowing just

how much money she has in the bank at all times.

One successful farmer refuses to pay any bills made by his wife. He says his wife has an account of her own, and that he has no way of knowing whether the bills are correct, and she can pay the account as easily as she can OK it. This man's success is probably due to his wife's business ability.

It seems to me that every farmer's wife should know how much money the family owes, to whom it owes it and when the accounts are due. She should know how much if any money is due the family. Such knowledge will help the wife to understand the husband's problems and will be of untold benefit in case of the husband's death.

Generally speaking the home with good dairy cows and great

flock of poultry is financially above those without these. The wife almost invariably is responsible for the animals and lends her assistance to making an income. Such scenes suggest harmony and cooperative effort.

Banks are now appealing to women customers. Women secure loans and lend money with all the shrewdness of men. They do not want special attention. They want to be considered business persons and no more. They ask no more favors and grant no more than men.

And above all, there is a companionship about a struggle upwards financially that is only a little less poetic than the struggle upwards spiritually. Fortunate are the man and woman who marry early with little of this world's goods,

who hand in hand accumulate a little year by year until in old age they can take life easy in the competency resulting from thrift and foresight. In such case, either would be able to "carry on" if the other were to drop by the wayside.

I have often wondered if happy marriages cause clear understanding between man and wife, or if the clear understandings make the happy marriages. Probably it is a combination of both. At least, I think that if more women took an interest in the finances of the family, there would be more happy homes.

Hard-working men are more liable to kidney, liver and bowel disorders than others, therefore Prickly Ash Bitters is the worker's friend, because it keeps a man's vital organs in sound, vigorous condition. Price, \$1.25 per bottle. Gwin & Mays Drug Co., Special Agents. (adv)

TWO GOOD COWS WILL PAY BOY'S WAY THROUGH COLLEGE

STILLWATER, Okla.—In the hope of increasing opportunities for boy students to pay their own way through school and at the same time build up foundations for dairy herds, Oklahoma A. and M. college has adopted a plan whereby students, either on their own or borrowed money, may place two or three cows in the College dairy barn; keep them there during the period of their stay in school and market the milk through the college creamery. The feed will be supplied by the college at cost and milk and butterfat will be bought at current prices.

By that plan, it is pointed out, prospective dairy farmers may get the benefit of expert instruction in the college and at the same time practice their knowledge on their own cows. Two extra good cows, or three average cows, it is estimated, will pay a boy's way through school. Then, when he completes his work here, he'll have a start toward a dairy herd for his own management.

NEGRO PORTER DIES FROM BANDIT'S SHOT

(By the Associated Press)

CHICAGO, Nov. 9.—Arthur Boon, negro pullman porter of the New Orleans limited of the Illinois Central railway, who was wounded in the hold-up of the train by bandits Monday night, at Paxton, Ill., died last night from his injuries.

The Ada Weekly News reaches almost every farm home in the county. Are you taking advantage of this effective means of getting your message abroad? What do you have to sell to farmers? Try it.

### Mining Activities Are Opening After Period of Idleness

(By the Associated Press)

MIAMI, Nov. 8.—Mining activities in the state have opened up during the past week according to Ed Boyle, chief mining inspector, who made a tour of the mines in this district the past week.

Two large mines which had been shut down for several weeks, the White and the Mahutsha, near Picher, have opened again, and the Pichee and Victor Metal company's mining holdings, northeast of Pichee, are expected to open this coming week.

The Blue Ribbon mine in Hockerville, shut down for nearly two months, is operating again, and the Haines mine at Commerce is operating under new ownership, at a small scale. There is an overabundance of unemployed miners still in the district, however, according to the mine inspectors and the labor department representatives.

More workers are coming into the district daily from the Lehigh district, where the three large coal mines of the M. K. and T. railroad were abandoned when the railroad started burning fuel oil—throwing about 900 men out of employment.

More than 3,000 miners in and about Picher are employed now, with a payroll amounting monthly to about \$50,000, but the employment situation still is acute, labor department representatives declare.

### 1100 BALE FORECAST IS MADE BY AGENT

(By the Associated Press)

COALGATE, Nov. 9.—Of the eleven hundred bales of cotton which W. T. Yoakum, county agent, says Coal county probably will produce this year, C. P. Kelley, a demonstrator, probably has raised the largest amount from one plot of land, he says, gathering 8,643 pounds from 54 acres. This was believed also to be the best yield in the state.

The cotton was made through cultural methods, and the picking and burning of fallen squares, according to Mr. Kelley.

His neighbors on every side, reported failure this year according to Agent Yoakum, and they now are holding conferences with Kelley on cultivation. Several county demonstrations and discussions are to be held a little later in the season, the farmers maning the best yields being called upon to explain their methods.

Though the farmers of the county are in good condition as to stock feed and food, none of them have any finances, according to the county agent.

### OF LOCAL INTEREST

Some People We Know and We Will Profit by Hearing About Them.

This is a purely local event. It took place in Ada.

Not in some faraway place. You are asked to investigate it. Ask to believe a citizen's word. To confirm a citizen's statement. Any article that is endorsed at home.

Is more worthy of confidence. Than one you know nothing about. Endorsed by unknown people.

Ask your neighbor! —Dock Corbett, 122 E. 3rd St., Ada, says: "I have used Doan's Kidney Pills and have found them reliable in every way. I have had attacks of lameness in my hips and across my kidneys and at times my back has ached so I could hardly do anything. I couldn't stoop over or lift and when I tried to do so, a pain across my hips was very severe. Doan's Kidney Pills fixed me up in good shape. I know others who have been cured of kidney trouble by Doan's, just as I was. I have no hesitation in giving Doan's Kidney Pills my endorsement."

A. O. U. W.—Lodge No. 40 meets first and third Tuesday nights of each month.—J. B. Emory, Secretary.

### UTILITY COMPANY ASKS OF COUNTY DAIRY COWS

Are there enough dairy cows in the territory accessible to Ada to make a creamery profitable here? On the answer to this question depends the time when a creamery will be established here.

Roy Givens, manager of the ice factory, states that on his recent visit to headquarters of the Southern Ice & Utilities Co., which owns the ice factory at Ada, he took up the matter with the company officials and they stated that they would establish a creamery here in connection with the ice cream factory, if assured of enough cream to justify it.

SULPHUR IS BEST TO CLEAR UP UGLY, BROKEN OUT SKIN

Any breaking out on skin, irritation on face, neck or body is overcome quickest by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation.

Mentho-Sulphur heals eczema right up, leaving the skin clear and smooth. It seldom fails to relieve the torment or disfigurement. A little jar of Mentho-Sulphur may be obtained at any drug store. It is used like cold cream. (adv)

### HERE'S A BUSINESS FOR ADA

GOOD FOR \$6,000 to \$12,000 Yearly!

Two railroad men put an Electric-Maid Bake Shop equipment in a small town in Wisconsin. To day they are making real money, without having known a thing about the bakery business! Others are doing it in other cities. You have the same chance right here. A cash business; no charges; no deliveries; your profits in the tin every night. Everyone who eats is your customer. We supply all equipment and full information.

Write or Wire Today

for full particulars on Electric-Maid Bake Shops. Act now to obtain exclusive territory for Ada.

### THOUGHT HIS TIME HAD COME--DISAPPOINTED

"I never was more surprised in my life than when I took the first dose of Mayr's Wonderful Remedy. My stomach trouble had been of eight years' standing, sometimes so bad as to cause convulsions, followed by hemorrhage. I thought my time in this world was short, and believed it the last medicine. I would ever take. It is now eight weeks since, and I am feeling better than for many years." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sold by Gwin & Mays and druggists everywhere. (adv)

## PARLEY PROGRAM OUTLINED TODAY

Separate Plans Are Laid for Disarmament and Far East Problems.

(By the Associated Press)

WASHINGTON, Nov. 9.—While the armament conference will decide upon its program of subjects to be considered, here follows the official agenda, which previously has been suggested by the United States, and which will be offered as a working program on behalf of America, at the opening sessions:

**"Limitation of Armament."**

1. Limitation of Naval Armament, under which shall be discussed—
  - (a) Basis of limitation.
  - (b) Extent
  - (c) Fulfillment
2. Rules for control of new agencies of warfare.
3. Limitation of land armament.

**"Pacific and Far Eastern Questions"**

1. Questions relating to China. First: Principles to be applied. Second: Application. Subjects:
  - (a) Territorial integrity
  - (b) Administrative integrity
  - (c) Open door—equality of commercial industrial opportunity.
  - (d) Concessions, monopolies or preferential economic privileges.
  - (e) Development of railways, including plans relative to Chinese Eastern Railway.
  - (f) Preferential railroad rates.
  - (g) Status of existing commitments.
- Two. Siberia (Similar headings)
- Three. Mandated Islands. (Unless questions earlier settled)
- Electrical Communications in the Pacific.

"Under the heading of 'Status of Existing Commitments' it is expected that opportunity will be afforded to consider and to reach an understanding with respect to unsettled questions involving the nature and scope of commitments under which claims of rights may hereafter be asserted."

The fact that the subject "Limitation of Armaments" precedes the subject "Pacific and Far Eastern Questions" does not necessarily indicate that the two will be taken up in that order. The conference itself will determine the order in which the discussions are to be pursued, and there may even be additions to the program as the conference gets under way.

President Harding, in his invitation to the foreign governments, however, gave the impression, in the opinion of many observers, that Pacific and far eastern questions must be disposed of first, when he said:

**"Must Want Peace."**

"It is quite clear that there can be no final assurance of the peace of the world in the absence of the desire for peace, and the prospect for reduced armaments, is not a hopeful one unless this desire finds expression in practical effort to remove causes of misunderstanding and to seek ground for agreement as to principles and their application."

It is quite possible, however, that although the Pacific and Far Eastern Questions, may be the first to be disposed of the actual question of limitation of armaments may actually first come before the conference, and in this way.

Any determinations on limitations of armament necessarily will come after long preliminary work by committees of experts and others who will probably submit recommendations and extensive data to the whole conference. This will require probably weeks of study and discussion. In order to start the process and get it under way, the conference might necessarily bring the subject officially before it, and then refer it to committees for work, and then meanwhile go on with the discussion of the Far Eastern and Pacific questions.

**INTEREST IN POULTRY GROWING OVER GARFIELD**

(By the Associated Press)

ENDIC, Nov. 9.—Garfield county is evincing more interest in poultry this year than for several years past and more than 600 poultry exhibits were entered in the county fair here which closed recently, according to H. C. Liebhart, county agent. The cattle show was declared by E. H. Hoar, president of the Garfield county shorthorn breeders association to be the best ever held in the county.

When the sleep is disturbed at night by urinary troubles the best thing to do is to take Prickly Ash Bitters. It is particularly good for men of middle age as it has a strengthening influence in the kidneys and bladder. Price \$1.25 per bottle. Gwin & Mays Drug Co., Special Agents. (adv)

In times of peace, be peaceful.

## RED CROSS ROLL CALL SCHEDULED

(Continued from Page 1)

held immediately before Christmas, has been shifted to near Armistice Day but because of lack of time in giving publicity to the movement in Pontotoc county and for organizing forces, it will be impossible to conduct it before November 15, workers said. Nationally, the roll call will be taken from November 11 to November 24.

Some of the recent activities of the Pontotoc county chapter were outlined this morning by Mrs. Snead. During the month of August alone, service was rendered by the local Red Cross to 82 former service men and 16 new claims were filed. In September 92 persons were served and 13 new claims were filed. The October report will be made public soon. Last December there was \$351.29 in the revolving loan fund of this amount, by the revolving and continuous loan system, aid to the amount of \$998.77 has been given and at the present time there is part of the fund on hand.

The national organization of the Red Cross has issued a late report in which statistics show an army of former service men are still being helped by the organization, which in addition to this is assisting in the reconstruction of the world.

Besides helping former soldiers, much of the time of the local Red Cross workers is being devoted to charity and civilian relief which has increased in immense proportions with the arrival of cold weather.

## Grizzly Bear Pelts Are Put On Display At State University

NORMAN, Okla., Nov. 9.—(Special)—Specimens of grizzly, caribou, moose, wild sheep and smaller game from Alaska and northern Canada have been added to the zoology department collection of the University of Oklahoma by Edward Crabb, university taxidermist, who has just arrived home. He was sent to Alaska by the university to collect rare and valuable specimens, starting on the trip April 18, 1921.

He was accompanied by Mrs. Crabb and by C. A. Sykes, oil man of Ardmore. Their first adventure was down the Alaskan peninsula in search of Kodiak bear, the largest type in existence. They obtained five Kodiaks, and many seabirds including swan, ducks, gulls, sea parrots, Russian chickens (oyster catchers). Their next trip, which was taken in the middle of the summer, was into the heart of Alaska and extended beyond the Arctic Circle. Scenes of the famous gold rush were visited. In this region they collected only small zoological specimens and Alaskan flowers.

On their next expedition along the south fork of the McMillan river they obtained many valuable large specimens, including the grizzly, caribou and moose.

## WAGES REDUCED TO 1920 FIGURE BY RAIL BOARD

CHICAGO, Nov. 9.—Rates of pay for virtually all classes of railway employees of the New Orleans and Great Northern company were cut today in a decision by the United States railroad labor board to the scale existing March 1, 1920. The decision said the road was not a party to the case involving the recent wage decrease of July 1. The wage cut announced today goes farther than the one ordered last July 1, and would take away the increase granted railroad employees in May, 1920.

Cotton Report Issued.

WASHINGTON, Nov. 9.—Cotton ginned prior to November amounts to 6,644,136 running bales, including 11,150 round bales, 11,175 bales of American-Egyptian and 1,124 of sea island, the agricultural bureau announced today.

## NEW GUARD UNIT AWARDED TO ADA

Officers Appointed and 50 Men To Be Recruited Immediately.

Ada is to have another national guard unit.

This was the announcement made today by Capt. Robert S. Kerr, commander of Battery "F", light field artillery, Oklahoma National Guard stationed at Ada. The new unit will be a headquarters battalion.

Fifty men will be needed if this unit is recognized and every effort possible will be made to get that number signed up, it was stated. Oklahoma City could not organize this unit and Ada was the next preference.

James H. Hodges has been appointed first lieutenant and Roy Adair second lieutenant of the new unit. Officers of Battery "F" will assist in recruiting the new unit. A captain will be selected for the battalion tomorrow, after which the necessary steps will be taken to recruit the fifty men needed. If this unit is organized, Ada will be among leading military centers of the state, local authorities of the guard believe.

Official word has been received from quartermaster headquarters at Fort Sill that 32 horses, to be the property of Battery "F" Oklahoma National Guard, have been shipped and will arrive in Ada this week. Of the 32 head, 12 will be for riding purposes and 20 are draft horses.

A crew of men has been at work at the Fair Grounds overhauling the building, used in the county fair as a stable for battery horses. This shipment includes all of the equipment for the battery, except guns which will be sent from the ordnance headquarters in the near future.

## "X" BEIDLER, WHO SENT HIS WIFE TO "ROME"

One day in 1869, when the Nile, one of the old-time wood-burning Missouri steamers, stopped near the mouth of Musselshell river in Montana to take on wood, two "woodhaws" came aboard. "Woodhaws" were men who cut firewood and corded it up on the banks of the river to sell to the steamboats. These two men were famous frontier characters, "X" Beidler and "Liver-Eatin'" Johnson.

Among the passengers on the Nile was a party of eastern tourists, among them several women who were enjoying for the first time the thrills of being in the wildest "Wild West." They were especially delighted at the appearance of Beidler and Johnson and at once began asking questions of these "picturesque characters," as they called them. The woodhaws were not especially pleased to be treated like a pair of Indians, but said nothing about it. Finally one of the women inquired: "Mr. Beidler, are you married?"

"Yes," replied "X."

"Oh, I would never have guessed it. Is—is your wife, ah—a white woman?"

"Indian," grunted Beidler.

"How delightful! A native of these great plains! Where is she now?"

"Oh, I've sent her to Rome," said the woodhawk.

"To Rome? To be educated? How romantic! Do you mean Rome, Italy?"

"No," answered "X," with a grim smile. "To roam on the prairie!"

The woman stopped asking questions.

Beidler served as a scout with General Miles in the Sioux war of 1876, but he was better known as a vigilante leader in the early Montana mining camp. John X. Beidler was his real name, but he was called "X" Beidler because he always signed his warnings to western "bad men" with the single mysterious letter "X." One such warning was usually enough to make the bad man leave camp.

Later "X" was sheriff of Lewis and Clark county. He once invited the governor of Montana and other state officials to visit his jail and inspect a new steel cage of which he was very proud. The officials came and Beidler took them into the cage.

"Now, dern ye!" he said to his prisoners. "Ye've been edgin' off lately when I was tellin' my stories of the old days an' not listenin' to 'em. Now, I reckon you'll listen."

He kept them there three hours and told them every story he knew!

**BATTERY CARNIVAL IS ON THURSDAY NIGHT**

The athletic carnival to be held by Battery "F" which was announced in Tuesday's paper for Friday night will be held Thursday night, November 10. The other announcement was erroneous.

The committee in charge of the carnival is well pleased with progress that has been made and hopes for a good attendance at the first affair to be given by the guard unit since its organization here.

Ben F. Whitehead of Stonewall, who is the nephew of W. A. Chamberlain, enrolled Monday in the Chilocco Business college of Chilocco, Mo., for a course in bookkeeping and typewriting.

## ENGLAND WILL OPEN PAYMENTS ON DEBT

(By the Associated Press)

LONDON, Nov. 9.—An arrangement has been made to begin paying interest on the debt owed by Great Britain to the United States at the rate of 50,000,000 pounds yearly, it was announced in the house of commons today by Sir Robert Horne, chancellor of the exchequer.

Sir Robert made this announcement in the course of a statement on the budget prospects. He added with emphasis: "I hope this remark about the debt we owe America will not be made the occasion for any discussion of the inter-allied indebtedness. It does not conduce to the friendliness of the feeling between America and ourselves to discuss the matter at all at present."

## CRUSH OKMULGEE ADA HIGH MOTTO FOR SCRAP SOON

With his regular line-up, Coach Cox is sending his great high school eleven against the Okmulgee high school team next Friday afternoon at Okmulgee in what promises to be a deciding point in the season's record. Although the home boys are confident of victory over their rivals on the football field, the Okmulgee eleven has been making rapid progress towards perfecting an offensive that can't be stopped effectively. At best Ada will be given a stiff fight and Coach Cox is preparing his men for it.

Efforts were made to get a special train from Ada to attend the game but they failed. It is reported, however, that at least 50 fans will go from Ada to attend the game. The Okmulgee American Legion has charge of advertising and reports from there show that interest has reached fever heat.

Okmulgee has administered a defeat to Ada more than once on the football field, and the home lads have pledged themselves to get revenge for all former humiliations next Friday. The backing of a loyal school goes with Ada high's team and the entire city is looking forward to results of the game. The slogan adopted by the local squad is "Smother Okmulgee, get Shawnee."

Two tons of wood pulp will produce one gallon of cymene from which six pounds of TNT can be obtained.

# Lucky Bill's Big Show

ADA, OKLAHOMA

## Saturday, November 12

AFTERNOON AT 2:00; NIGHT AT 7:30

Lucky Bill does not claim to have the largest show in America, but has one of the biggest and best shows of its kind on the road this season, Lucky Bill has more animals than most of the Ten-Car Traveling Shows. He has two large Elephants, five Camels, two dens of Lions, a den of Bears, team of Buffalo, Gorilla, Baboon, Monkeys, Zebra and other small animals too numerous to mention. Also Lucky Bill has in his big show, people that have been with the largest shows in America, and high salaried feature performers which give him the name of having a high class tented amusement organization.

This show will be on East Main Street near Katy tracks.

Come to Ada on show day and have a grand and glorious time with your friends.

Big Free Act in front of Big Show at 1:30 and 7:00 p. m.  
Don't forget the day, the place and the time.
